

BABSON DISCUSSES IMPATIENCE

(Exclusive NEWS Feature)

It is sad that men of equal experience and intelligence so totally disagree as to the outlook for 1954. I am one of few who believe that at least the first half of the year will be fairly good.

ARE WE AS WE THINK?

Business is partly, but not wholly, a psychological affair. Constructive thinking aids both business health and our physical health. Too many people are optimistic or pessimistic due to their physical condition, to the newspaper headlines, and to what radio commentators say. But there men may guess at their conclusions.

Most people think that stocks go up when there are more buyers than sellers, and go down when there are more sellers than buyers. This is a totally wrong belief, as there can never be a seller without a buyer, nor a buyer without a seller. Stocks go up when people are more impatient to buy than to sell; and stocks go down when people are more impatient to sell than to buy. The same principle applies to general business, real estate sales, and even wages. The impatience to buy, or to sell, determines prices. Impatience to buy, followed by impatience to sell, followed again by impatience to buy, causes Business Cycles.

HOW TO MEASURE IMPATIENCE

No one as yet has discovered how to measure mass impatience. Photographers claim they can do it by photographing and studying the faces of the people on the streets, or in stores, or at public gatherings.

Elect Officers, Directors Of Arlington Community Chest

The Annual Meeting of the Arlington Community Chest was held in the Library Hall on Tuesday evening. The following Officers and Directors were elected:

President - William Barnstead; Vice-President - Charles Small; Treasurer - T. Richard Guinan; Clerk - Miss Bernice H. Holmes.

The following Directors were elected for the term expiring 1957: Mr. Robert Brosnan, Mrs. Francis B. Coughlin, Mrs. William Furdon, Mr. James J. Golden, Mr. David Govenor, Mrs. Norris H. Hoyt, Mr. Jacob Katz, Mr. Frank McIntyre, Mr. George V. Morse, Rev. George J. W. Pennington, Mr. Leonard Tibbetts and as Honorary Member Mr. Benjamin Hickey.

The Executive Board consists of the officers and Mrs. H. Norris Hoyt, Frank Kenney, John Morine.

The meeting was called to order by President John Morine who presented Awards of Honor to Mrs. Russell T. Hamlet who has served as Clerk for the past five years, to Mr. Everett Bryant who has served as Treasurer for 10 years and to Mr. Donald Petti, Vice Pres. of the Community Chest.

The meeting was well attended and held on a memorable evening for it was on March 30, 1937 that the Arlington Community Chest held its first campaign. Mr. Russell P. Wise, the first Campaign Chairman and former President of the Arlington Community Chest was present and spoke of the pioneer days of "Community Chest" in Arlington. He paid tribute to Mrs. Russell T. Hamlet and told the gathering that seventeen years ago she was one of the original workers in the formative days of the Chest and has been working untiringly since. It was also coincidental, Mr. Wise said, that the newly elected Clerk and Secretary to the Executive Board, Miss Bernice H. Holmes was the first Executive Secretary of the local Chest. She has continually contributed her time and efforts to so many of our civic enterprises.

An excellent talk by Mr. Kenneth Wollan, Exec. Director of the Children's Aid Society of Boston climaxed the evening. The General Chairman for the 1955 Campaign will be announced shortly and it is expected that the Campaign Committee will get off to an early start in its organization program.

Billerica Man Found Dead Here

Mr. Florence H. Barrett, 70, of Ellingwood avenue, Billerica, was pronounced dead by Dr. Alfred Weller Thursday morning, after he was found lying on the island at Park circle and Park avenue.

Cause of death was said to be a heart condition. The body was taken to Symmes Arlington Hospital in the police ambulance.

The body was first discovered by M. T. A. Inspector James L. Galvin, who summoned the authorities.

Firemen Free Trapped Boy

Dennis Ricciuti of 71 Mary street, Arlington, was quite a bewildered fellow last Monday.

While playing in the vicinity of his home, he came upon a new plaything, an ash barrel.

Soon after his discovery, he stepped into the barrel, the barrel tipped over and he found himself wedged in.

A neighbor saw his plight and called the fire department, and the Special Service was sent to aid the boy.

Fire Captain Thomas Burchill and firefighter David Kennedy, using a hack saw and sheet metal shears, freed the lad and found him to be frightened, but uninjured.

A3c. John Frederick Freeman, son of Mr. and Mrs. Frederick Freeman of 48 Margaret street, is in training as an Air Force Technician at Warren Air Force Base, Wyoming. A graduate of Arlington high school in June, 1953, he enlisted following graduation. At the Warren Air Force base, he will receive training in many specialties needed for air power.

MTA Seeks New Fare Schedules

A special messenger from the MTA trustees brought word to the Arlington Town Hall Tuesday afternoon of the new MTA request for rate changes. Under the new plan, Town Manager Monahan announced, the rate increase will be three cents over-all.

The MTA request will go to the Department of Public Utilities, which turned down a similar request a few days ago.

Under the new schedule, the rate for local rides will be increased from 10 cents to 13 cents, and the rate for other rides will jump from 15 cents to 20 cents in cash, 18 cents by token.

Tokens will be sold five for 90 cents, while the rate for children under 15 will not change.

POLICE DRIVE BRINGS MANY ARRESTS HERE

Chief Archie Bullock, Lieutenant Flynn and Inspector Hourihan of the Arlington police department are shown examining some of the clothing stolen some time ago from the Bayburn Cleaners on Broadway, which was recovered this week. Value was over \$1,000.

Trio Found Guilty On Obscene Picture Charges

Three men, two of them local residents, were found guilty in East Cambridge court Tuesday morning, of having obscene pictures in their possession, and were assessed fines of \$100 by Judge Louis Greene of Cambridge. The arrests last week followed a long period of investigation by members of the Arlington police department, during which a large amount of obscene material was confiscated by the police department.

In addition, Chief Archie Bullock stated he would ask that a store license held by one of the trio be revoked by the Selectmen. The members of the board were called into consultation by the chief as the result of the investigation and arrests.

The trio were Lester G. Ramsdell of 24 Greenwood avenue, East Weymouth, 37; Floyd Miller, 256 Appleton street, Arlington, 33; and Norman Copeland, 50 Oxford street, Arlington, 46. The latter is the proprietor of Copeland's Variety Store, 242 Mass. avenue, Arlington.

Ramsdell was first taken into custody by the police, with the arrest of Miller and Copeland following the investigation.

The men were first hauled before Judge Dever on April 2, and their cases continued. On Tuesday, before Judge Greene, Copeland was charged with having obscene pictures in his possession, and with printing and publishing obscene pictures.

Through his attorney, Louis Bobrick, he submitted to a plea of guilty and was ordered to pay a fine of \$100 on the first count, while the second was placed on file.

Miller also entered a plea of guilty, and was fined \$100, with the second charge placed on file.

After he was found guilty, Ramsdell, through an attorney, appealed to the Superior court.

Their arrest followed a lengthy investigation by Lieutenant Flynn, Inspectors Hourihan, Buckley and Cook, and Juvenile Officers White and Lyons.

In addition to pictures, many rolls of film and developing and projection equipment were confiscated.

School Committee Plans Addition

The main purpose of the School Committee meeting Tuesday evening was the addition to the Bishop School, and the Town Manager and committee members were quite satisfied with the results.

In addition to the manager, two members of the firm of Perry Shaw and Heppner, original architects of the Bishop School, were in attendance.

This firm has been employed to go ahead and project the plans and present them to the committee at the next meeting, which is scheduled for Tuesday, April 20.

Town Manager Monahan and School Committee Chairman Bevins were appointed as co-chairmen of the Bishop School Building Committee.

There are now 11 classes in the 8 room building and as Mr. Hall said, "time is an essence at present."

Indications are that the addition will be ready for occupation shortly after the Christmas vacation.

The committee also voted to grant permission for use of the Lowe Auditorium on Monday, April 26 for the testimonial for Rev. Oscar O'Gorman.

Radio station WHIL was granted the right to broadcast the Arlington-Medford football game on October 16, with no cost to the town.

TOUCHDOWN CLUB

Gerry Hern, sports writer for the Boston Post, will speak at the meeting of the Touchdown Club Thursday evening at Fresh Pond Grille, Cambridge, President James J. Golden has announced.

Arlington members of the N. E. hockey title team from Boston College will be guests, as will the captain of the Northeastern Team.

Arrest Four On Betting Charges

Four men have been taken into custody and their cases continued as the result of a police drive to clear up betting and purchasing and sale of lottery tickets in Arlington.

Their arrest followed a lengthy campaign by local inspectors and police officials, and saw a large number of arrests during recent days.

The quartet were John Aysvail of 82 River street, Arlington, charged with having lottery tickets in his possession, and with setting up and promoting a lottery; James Mattalano, 16 Palmer street, Arlington, setting up and promoting a lottery, having lottery tickets in his possession, and registering bets on the speed of a horse; Fred Nevola of 172 Palmer street, setting up and promoting a lottery, having lottery tickets in his possession and registering bets on the speed of a horse; and Edward Mulcahy of 142 Renfrew street, charged with setting up and promoting a lottery, having lottery tickets in his possession, registering bets on the speed of a horse, receiving stolen property, larceny from persons unknown, and breaking and entering in the night time.

Red Cross Is Over The Top

The Red Cross is over the Top!

This welcome information was released this morning from the office of the Arlington Red Cross, which has been working overtime for weeks to conduct the successful campaign.

With a quota of \$14,200, the Arlington chapter had received \$14,200 this week, and with returns due from other solicitors, it was indicated that this mark would be surpassed by several hundred dollars.

Police Recover Stolen Goods

A night-time break at the Bayburn Cleaners, 1 Broadway, in which over one thousand dollars worth of clothing was stolen, was cleaned up this week by local police with the recovery of all of the stolen clothing and the arrest of the two men who staged the daring break on March 17th.

Lieut. Insp. James J. Flynn and Insp. John J. Hourihan, after two weeks of intensive investigation, arrested John C. Gentile age 27 of 42 Turner street, Waltham and Walter Wilson age 26 of 147 Edinboro street, Newtonville. Both of them were indicted in Middlesex Superior Court on Tuesday of this week for breaking, entering and committing larceny in the night time.

The first break in the investigation came when Lieut. Flynn and Insp. Hourihan located Gentile with some of the stolen clothing in his car. They then found the rest of the clothing in Wilson's apartment and in the apartment of a girl friend of Wilson. The case culminated at 3:00 a.m. last Friday when Wilson confessed to the crime after an all-night grilling by Lieut. Flynn and Insp. Hourihan.

As a result of the arrest of Gentile and Wilson, the Medford, Acton, Cambridge and Chelsea Police Depts. have obtained warrants for their arrests for breaks in those cities. Wilson's fingerprints were found on a safe that was broken into in Acton.

Chief Archie F. Bullock had high praise for the work of his men in solving this case in such a short period of time. He stated that they put in many hours of their own time on the case for which they cannot be compensated except by their own satisfaction of a job well done.

To Mr. and Mrs. Wilfred F. Murphy (Theresa L. Reinold) of 29 Hardy avenue, Watertown, a daughter on March 31, at Symmes Arlington Hospital.

Courtesy Month Proves Success

Courtesy Month in Massachusetts has been marked by a noticeable increase in acts of courtesy by the average motorist, as reported to the office of Registrar of Motor Vehicles Rudolph F. King.

Acts of courtesy at intersections and at traffic signal lights have been observed by police and Registry inspectors during Courtesy Month. In the metropolitan areas, courteous consideration of elderly pedestrians has marked the month of March.

The Registrar points out that there has never been a greater need for highway courtesy than exists today because of the conditions brought about by the increasing number of drivers operating

greater annual mileages than ever before as the largest registration of vehicles is noted.

"We must share the road with other users, who have every right to expect courtesy and consideration whether walking or riding," urges Registrar King. "For your own safety and that of your family, neighbors, friends and fellow citizens, continue the courteous practices which have been reported during the month of March."

COUNTY LEGION TO MEET

The regular meeting of Middlesex County Council, The American Legion will be held on Sunday, May 2 in the quarters of E. P. Clarke Post No. 107 in Natick, Warren R. Schlemmer Commander. County Commander Harold F. Collins will preside.

Eleven of the High School Reviewers — a book club for High School Students sponsored jointly by the Robbins Library and the Arlington high school — are scheduled to "have their say" about books over channel 4 on Friday, April 9 at 2:15 p.m. on the "How Show" Program. This program, sponsored by the Department of Education, each week broadcasts a "live" show, demonstrating an educational project in Greater Boston. When the Massachusetts Division of Library Extension was asked to provide a show, the division director immediately thought of the Arlington High School Reviewers, whose activities were described in March 1953 in the Library Journal, a national periodical, and a little later, in an article in the Boston Globe.

"The Reviewers" were born in the Spring two years ago, when Mrs. Margaret Heaps, then Acting Librarian at Arlington high school, trustee of the Robbins Library as well, and Mrs. Signe Hynson, Young People's Librarian at the Robbins Library, joined forces to start a club that was aimed primarily at encouraging leisure time reading among teen-agers. Since that time, High School boys and girls have been meeting once every two weeks for an informal discussion of books, followed by a brief social hour, usually lubricated by a bottle of coke and made sweeter by a cookie. Boys and girls talk freely about the books they have read, give their frank opinions and express themselves as to the value of the books for other teen-agers. The two librarians — Miss Grace Rich-

mond has now replaced Mrs. Heaps as High School Librarian — spend a part of the meeting introducing new books of interest to high school students, as well as calling their attention to books that are older and have proved their worth. The librarians believe that the gain is mutual — that they learn as much from the young people as the young people learn from them. Meetings are voluntary and informal.

Members of the club this year most of whom are to appear on Friday, April 9 on Channel 4 are: Ellen Chang, Julia Chang, Mary Lehman, William Moore, Barbara Morrison, Michael O'Day, Gretchen Olson, Alina Ottoson, Jean Ortel, Betty Palmer, Kate Richmond, Mary A. Richmond, Robert Sampson, and Herald Sulahian.

Girl Scouts Score With International Dance Festival

Before an audience which would be a Broadway producer's dream, the Arlington Girl Scouts presented their International Folk Dance Festival on Saturday evening, in Robbins Town Hall. Superbly costumed, lighted and executed, the program made local history. Twice the Arlington police had to take over the stage and ask the thousands of adults who were crowding the aisles, stairs, rear of the hall, lobby and entrances to the hall, to leave, in the interests of safety. Outside of the hall one of the worst traffic jams in local memory was in progress.

Never has the quality of Arlington people been better demonstrated than in the good humored, courteous withdrawal of bitterly disappointed parents who were not able to see their children perform. Hundreds of fathers sat the evening out, in their cars, waiting to drive their daughters home. Hundreds of council members and leaders who have taken a back seat during the months of preparation, were not able to get any seat and returned home or waited in their cars.

Those who were able to find seats enjoyed an evening they will long remember. With 600 Arlington Girl Scouts participating, songs and dances of England, Ireland, Scotland, Denmark, Sweden, Germany, Holland, Belgium, France, Switzerland, Italy, Greece, India, Japan, Hawaii, Mexico and the United States were presented.

The beautiful costumes were made or assembled by the girls and their leaders. The troops have learned a great deal about the countries they represented, many receiving help from natives of those countries.

The girls who represented Japan and Hawaii received ovations from the audience.

Mrs. Harold Noreen made an impressive Statue of Liberty in the inspiring finale when all the flags were massed on the stage with costumed girls holding each.

Mrs. David Shute and her program committee and Miss Mary Leveroni, executive director, planned and directed the program, with

the enthusiastic help of all leaders and council members. Mrs. Kenneth Reed, Miss Ruth Berry and Mrs. Roderick Peters were highly complimented on the professional perfection of the properties. The fine narration of Miss Betty Pierce added greatly to the program. Mrs. Shute provided musical accompaniment of the piano.

Local officials and parents are still discussing the tremendous interest in the affair. "They could fill Symphony Hall" was a frequent comment. The great interest was a high tribute to the quality of the local Girl Scout program and the fine leadership which directs it.

Keenan Bill Signed By Gov.

A bill filed before the Massachusetts legislature by Representative Henry Keenan regarding the extension of rapid transit facilities to Cambridge and Arlington was enacted by both branches and signed by Governor Hester recently.

The bill provides that the MTA officials must file with the clerk of the house of representatives on or before the first Wednesday of December, 1954, a final report on studies, preliminary plans, and evidence of cost, together with the drafts of any necessary legislation.

Mr. Keenan's plan calls for the extension of rapid transit facilities to a point near the Concord Turnpike, where a large parking lot would be erected to provide better service and more revenue for the MTA.

The bill recently enacted will speed up final action on the local representative's proposal.

TOWN HALL Press Conference

Prompt action by Fire and Police officials in coming to the assistance of those on duty at the girl scout performance Friday evening averted any possibility of a disaster, as one of the largest crowds ever to jam the town hall was on hand. Both fire and police executives soon had the situation under control.

The Selectmen voted against approving a request for a new MTA station between Lechmere and North Station near the Museum of Science. The request was made to make it easier for groups to visit the Museum. Cost would approach \$250,000, and Arlington's share, if the cost was amortized over a 75 year period, would be \$141 per year or \$226 if spread over 30 years.

The Town of Arlington this week arranged for borrowing of \$1,000,000 to operate the town in anticipation of 1954 taxes, at the unusual low rate of .61 percent, considerably lower than last year. The rate is one of the lowest yet extended to any town or municipality asking short term loans on the present market.

Selectmen and the Town Manager have agreed on setting up a question box for town employees who have some opinions on how improvements may be made in various town operations. No details have been worked out as yet, and the matter will receive further consideration.

Among the Town Manager's speaking engagements this week is one at the Friday Social Club of the Park Avenue Congregation at Church Friday at 2:15, and another Sunday before the men's group of the First Parish Unitarian Church at 6:30.

The Board of Selectmen has voted to install 13 new street lights on the Concord Turnpike near Arlinton Village for protection of residents of the area. Total cost will be about \$1100 annually to the town, with 15,000 lumen mercury vapor lamps to be installed. A petition for the lights from the Arlinton Village Taxpayer's Association through the Secretary, Mrs. Paul S. Mannix of 26 Sagamore avenue, told of the high speed of travel in the vicinity at night. It is hoped that the lights will make it possible for pedestrians to cross, and for the residents to enter and leave the village with a greater degree of safety.

Symmes Hospital Aiding In Survey Of Home Accidents

E. Vernon Rich, Administrator of the Symmes Hospital in Arlington, announced today that the Hospital is one of 36 hospitals in Massachusetts selected to participate in a three-year study in home accident injuries.

The state-wide program in home accident prevention is being conducted by the Massachusetts Department of Public Health with the cooperation of the Massachusetts Medical Society and the Massachusetts Hospital Association.

The purpose of the state-wide study will be to determine: (1) the number of non-fatal accidents which occur in the home that may otherwise be unreported; (2) the extent of injury and resulting disability; and (3) the specific cause giving rise to the injury. The results of this research study will provide the basic facts upon which will be developed a program of prevention, control and education in home safety at the community level.

"Recognizing the tremendous costliness of home accidents in terms of human suffering and economic losses," said Mr. Rich, "the Symmes Hospital is delighted to be able to participate in such a worthwhile research project."

While approximately 1,000 persons were killed in home accidents in Massachusetts last year," he said, "little is known about the number of non-fatal accidents that occur in the State or the specific factors which cause these non-fatal accidents. That is why we are glad to be able to cooperate."

The three-year home accident prevention program aimed at reducing the State's "shockingly high" number of home accident fatalities was launched last August with a \$96,600 grant awarded by the W. K. Kellogg Foundation to the Massachusetts Department of Public Health. In making the funds available, the Kellogg authorities expressed the hope that experience gained in the Massachusetts study will serve as a guide for the development of home safety programs in other state and local health departments in the nation. The program is strongly endorsed by the National Safety Council and its affiliated local chapters and councils. Local interest and approval have been shown by many civic, service, voluntary groups and agencies that consider accidents an expensive and unwanted "luxury" in the community.

The survey began this month under the direct supervision of Miss Janet Russo, R. N., Operating Room Supervisor and will be continued for three years.

The Chief of the Home Accident Prevention Project of the Department of Public Health is Mr. John A. Bellizzi of 3 Pine Ridge road, Arlington.

Woman Hurt As Two Cars Collide

Mrs. Thelma MacMaster, 56, of 72 Menotomy road was hospitalized and her husband, George R. 57, was shaken up in a two-car collision at the corner of Park avenue and Appleton street Tuesday night.

Police identified the operator of the other car involved in the collision as Burton W. MacAllister, Jr., of 83 Wright street, Arlington. He escaped without injury.

At the time of the collision, the MacMaster sedan was crossing Park avenue, heading toward Mass. avenue. MacAllister was proceeding down Park avenue toward the Arlington Heights shopping center.

The force of the crash sent the MacMasters' car up over a curb, between two trees and over a lawn, the property of Percy Morse, 130 Park avenue. Mr. MacMaster then gained control of the car and was able to bring it to a stop before crashing head on into a sturdy pine tree in the yard. From the place of the collision, the car travelled 150 feet before it was halted.

Mrs. MacMaster was taken to Symmes Hospital in the police ambulance, driven by Officer John Bradley. He was assisted by Sergeant John Dugan and Officers William Shea and Donald Seabury. Mrs. MacMaster was held for treatment for injuries to the back and neck.

Philharmonic Scores With Fine Performance In Spring Concert

Those who were present at the Arlington Town Hall last Thursday evening, April 1, witnessed an impressive demonstration of the standard of amateur musical performance when the Philharmonic Society of Arlington gave its Spring Concert. The program consisted of Beethoven's First Symphony and an abridged concert version of Bizet's Carmen.

Under the capable and confident direction of Kamil Novak, the orchestra gave a creditable and often stirring performance of Beethoven's Symphony No. 1. Despite the inevitable lack of complete technical mastery and exact intonation, it was immediately evident that both conductor and orchestra knew what they were about; their playing was both vigorous and sensitive. The long tone of the andante was admirably sustained, the only dubious moments occurring because of a quite understandable inability to meet Beethoven's demands upon the players' technical skill.

The flexibility of the group was strikingly shown by the presentation of parts of Carmen, arranged by Mr. Novak so that the story line remained relatively unbroken. Emelina de Vita's conception of the gypsy Carmen was exciting and sensuous as was her excellent singing of the role, while John K. Clegg's Don Jose was finely sympathetic despite the Irish quality of his tenor. Janet Wheeler as Micaela and McHenry Dubowitz as Escamillo were extremely competent.

Perhaps the most admirable element was the work of the chorus. They sang with precision, spirit, and good tone, the text being enunciated clearly and the vocal lines confidently sung.

All in all, this was an exciting evening's program, well directed and performed. One cannot help suspecting that the composers themselves would have felt well treated.

CHRISTIAN SCIENCE

How sickness and disability may be overcome by bringing thinking into accord with the truth of God and man through prayer will be the topic of Christian Science services Sunday.

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon. Selections to be read from the Bible include the account (Matthew 9) of Christ Jesus' raising of Jairus' daughter from the dead, his restoring of sight to the two blind men, and his healing of the "dumb man possessed with a devil."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read:

"Jesus strips all disguise from error, when his teachings are fully understood. By parable and argument he explains the impossibility of good producing evil; and he also scientifically demonstrates this great fact, proving by what are wrongly called miracles, that sin, sickness, and death are beliefs — illusive errors — which he could and did destroy" (343:14).

The Golden Text is from Jeremiah: "Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou art my praise" (17:14).

Be a good citizen — and a safe one. Co-operate with the official accident-prevention program which requires that your car be inspected this month.

MR. HAMILTON TAKES BRIDE

Against a background of white spring flowers, banked greens and candelabra, Miss Harriet M. Schwarz, daughter of Mr. and Mrs. Evans O. Schwarz of Milton was married to Mr. William Hamilton, Jr., son of Mr. and Mrs. William Hamilton of 152 Brooks avenue, Arlington, at the Parkway Community Methodist Church in Milton, on Saturday, March 20th.

The two o'clock ceremony was performed by Rev. Robert M. Pierce, D. D. and was followed by a reception at the Quincy Neighborhood Club.

Given in marriage by her father, the lovely bride wore a white satin gown featuring cathedral sleeves and a full train. Her fingertip veil was caught to a crown of pearls and sequins and she carried a bouquet of eucharist lilies and stephanotis.

Miss Joan LeFrank of Maplewood, New Jersey, maid of honor, wore a satin cocktail length gown with a tulle overskirt. The bridesmaids, wearing similarly fashioned gowns, were Mrs. Evans O. Schwarz, Jr. of Wilmington, Delaware and Mrs. Robert R. Schwarz of Milton, sisters-in-law of the bride; Miss Eleanor Barton of Milton, L. (J. G.) Bette Evans of Jacksonville, Florida, Mrs. Robert C. Blomquist of Arlington, sister of the bride and Miss Helen Wetherbee of Belmont. The attendants all carried bouquets of spring flowers and wore flower-trimmed face veils.

Best man was Mr. Troy Sitter of Arlington. The ushers were Mr. Richard Anderson, Mr. Robert Holmes and Mr. Robert Blomquist, all of Arlington; Mr. J. Lawrence Brownell of Connecticut; Mr. Evans O. Schwarz, Jr. of Wilmington, Delaware and Mr. Robert R. Schwarz of Milton, both brothers of the bride.

For her daughter's wedding Mrs. Schwarz chose a cocktail dress of mauve silk taffeta with pink accessories and a corsage of cydium orchids. The bridegroom's mother wore gray accessories and a corsage of small orchids to set off her gown of rose crepe.

The bride attended Thayer Academy and was graduated from Lassell Junior College. Mr. Hamilton is a graduate of Arlington high school and is now attending Boston University School of Business Administration.

After a wedding trip to Bermuda, the couple will make their home in Milton.

Parmenter P. T. A.

The Schools of Scotland was the title of a lecture enjoyed by the members of the Parmenter P. T. A. at their meeting Monday evening April 5th. Mrs. Eveline Bache, of Needham, gave an interesting account of her experiences in Dundee, Scotland, as an exchange teacher.

Bruce Wyman, program chairman, introduced Mrs. Bache as one of the first American teachers to participate in the exchange program of the British Ministry of Education.

"The Scottish Corporation," said Mrs. Bache, approaches education from an entirely different angle than our American system. In Scotland students strive for accuracy, neatness, and knowledge of facts; they learn a little bit, but they learn it very, very well. Contrasting the stilted procedures required of Scottish teachers with the easy relationship created in American Schools by group study methods, Mrs. Bache commented, "I saw some excellent teaching and gained a wonderful understanding of the Scottish people, but I returned home with a firmer belief in our own American theory of education and its methods. I am convinced that our attention to social development and our consideration of individual differences — so much as we are not catering too much to the children — is vastly more effective."

F. Lawrence Doherty, president of Parmenter P. T. A., presided at the business meeting. Mr. Doherty read the completed report of the Special Committee for an addition to the Parmenter School. Mrs. Hollis Gott, legislative chairman reported House Bill No. 548 and explained the P. T. A.'s position toward this present proposed legislation.

The following members were named to the nomination committee: Mrs. Albert Caviechi, Mrs. Von Weston, Mrs. Richard Moran, Mrs. Richard Burnham, and Mrs. Elliott Perkins.

Parents visited their children's classrooms prior to the business meeting and lecture and at the conclusion of these activities the members gathered in the kindergarten room for refreshments. Mrs. Norman Belden and her committee of Mrs. Kenneth Mathereson and Mrs. Edward J. O'Leary served refreshments from buffet tables beautifully decorated in the Easter motif.

Judith Flanders, 10 Bacon street, student at the New England Conservatory of Music, is attending the Music Educators National Conference in Chicago, Illinois this week.

Jr. Legion Baseball

An American Legion Junior Baseball team will be put in the field this summer by local Legionnaires. This announcement was made today by Frank Prestejohn, Commander of the Arlington Post No. 39 of the American Legion. Tryouts for the team will be held at Spy Pond field in May on Saturday afternoons and at Robbins Farm and Summer street on Sunday afternoons in May with home games being played at the new High School Field in June.

The 8th season of American Legion Junior Baseball during 1954 will be the greatest in the history of this youth-training program according to Commander Prestejohn. The American Legion will have more than 17,000 junior teams in nationwide competition with final plans for this tremendous program being drafted at four area conferences scheduled to be held in New York City, Atlanta, Ga., Omaha, Neb., and San Francisco, Cal., which will be attended by the state chairmen of this activity from the 49 continental departments. This year the two major leagues will contribute up to \$60,000 toward the expenses of the nationwide tournament with the Legion defraying the rest of the cost. This is the largest contribution organized baseball has ever made in any one year to this junior program.

Arlington Group Enjoys "Weekend With The Stars" Trip To New York City

Thirteen Arlington residents were among the approximately 1000 persons that were included on the March 27th "Weekend With The Stars" tour to New York City. The localities enjoyed an exciting round of activities arranged for them by the Jimmy Cricket Travel Service, the originators of the novel tour idea.

Mary Amara, Evelyn Celata, Mrs. Chris Christanson, Betty Cook, Pauline Duggan, Miss Anne L. Fitzgerald, William Fitzsimmons, Barbara A. Lee, Eva Mandarino, Constance A. Riley, Earl L. Verity, Eileen Wall and Lorraine E. Zuker were entertained on their special New Haven train while enroute to Manhattan by local recording stars Mal Thomas, Jan Strickland and Bobby Thomas, accompanied by the Ted Bernard Orchestra. WORL's popular disk-jockey, Stan Richards, emceed the mobile show and arranged the amateur contest, open to all passengers.

Immediately following their arrival at the Hotel New Yorker, the Boston group was invited to a "cock and cocktail dance party" in the Hotel's main ballroom. Les Elgart's recording orchestra played for dancing following the presentation of an M-G-M recording contract to Phil Roderick, of Nahant, winner of the amateur contest. Many of show business' top stars dropped in to say hello to their fans and enjoy the refreshments. Jill Corey, Monica Lewis and Danny Davis were most sought after by the autograph seekers.

Saturday evening the excursionists had rickshaws seats for the Jimmy Crickets "Million Dollar Jamboree of Stars." The three-hour show included such stars as: Sarah Vaughn, Don Cornell, Bernie Wayne, Bill Lawrence, Monica Lewis, Pat Terry, Johnny Parker, Tony Morelli and child stars Jill Whitney and Bruce Weil.

Sunday was sight-seeing day, with planned tours by Gray Line to points of interest throughout the city, including the U. N. Building, the Statue of Liberty, the Bowery, Chinatown, Central Park, Greenwich Village and the Empire State Building.

Several accordion players led the passengers in group singing on the return trip to the South Station, with Harold Low, President of the travel agency and originator of the Weekend With The Stars, instigating the merriment.

Summer Director Of Boy's Camp

An announcement this week by Jim Sumner, energetic Director of the Arlington Boys' Club, should be of interest to many Arlington parents.

Mr. Sumner has become Associate Director of the Berkshire Boys Camp, located in East Otis, Massachusetts. The camp's 120 acres properly includes a small pond and an island used for pioneering activities.

Operated for the past fourteen years by its present owner, Austin Welch, the Berkshire Boys Camp offers a most interesting and challenging program to every boy.

In addition to a well-rounded schedule of swimming, boating and athletics the B. B. C. presents every opportunity for a boy to learn and enjoy a graduated course in Biology, forestry, pioneering and woodcraft. Geology, botany, weather-forecasting and exploring are also offered. The B. B. C. is a member of the National Rifle Association and the American Camping Association.

Adult counselors with years of service head up each phase of B. B. C. life, all are trained in the education field. A resident camp nurse, from the children's division of the Springfield Hospital, safeguards health with a daily check.

The B. B. C. is not elaborate, but facilities are adequate to make for comfort, health and safety. Boys are well-fed, well housed, well supervised and well understood.

"Education thru Adventure" is the slogan at the Berkshire Boys Camp, situated at 1600 foot altitude, high up in the scenic Berkshire Hills. Information relative to camp can be obtained thru James H. Sumner at 31 Adams street, Arlington.

To Mr. and Mrs. Francis J. Barnett (Rita M. Wedge) of 346 Park avenue, Arlington, a daughter named Catherine Marie on March 28, at Symmes Hospital.

Request Lights

Representative Henry E. Keenan of Arlington was presented with a petition for pedestrian controlled lights at the junction of Forest Street and Route 2A in Arlington by many residents in the area. Representative Keenan has written to Commissioner John Volpe of the Department of Public Works requesting these lights.

The Representative pointed out this is a dangerous intersection because of the playground, stores and has been further complicated by the building of several new residences in the immediate area.

Give Courses At Evening Clinic

Two Arlington residents are giving courses at the Boston Center for Adult Education in the spring term which begins March 31.

Mr. Adio DiBicari, the well-known sculptor, is the leader for the modeling course where group members of all ages make decorative plaques, model animals, or the head of a live model.

The bookbinding course at the center is conducted by Mr. George Brush of the bookbinding department of Little, Brown and Company. Bookbinding is a practical and interesting craft, and group members learn how to make covers of leather, paper, or cloth, bind books, magazines, and pamphlets, as well as how to tool leather bindings.

A wide variety of courses is offered in the spring catalogue including the following new courses: basic design, journalism for the layman, let's discuss South America, dynamics of friendship, understanding music, the philosophy of Schweitzer, the music of Tschai-kowsky, which record shall I buy?, jewelry enameling, opera worship, flower arranging, and the emerging leadership of India.

The Boston Center is nationally known for its educational program and its emphasis in letting adults grow along the lines of their own choosing in an informal homelike atmosphere. For the center courses are held in a lovely old Boston mansion on Commonwealth avenue, once the home of Walter Baylies, a former president of the Boston Edison Company.

Stiffer Rules For Developers

Selectmen this week took action on a policy to make more stringent their rules concerning real estate development projects in this city, and requested one such developer to sign a special agreement prior to starting work here.

The new regulations provide that there be no costs whatsoever to the town for sewers, streets, water mains, sidewalks, or drainage. All these costs must be born by the developer according to a signed agreement before the board will grant permission for the development.

At the present time a development is being projected in the Clyde Terrace-Lawrence Lane area of Arlington, near the Winchester line. Approval of board of survey layouts are awaiting the signature of the developer.

Already costs in Arlington have been cut from about \$150,000 to \$63,300 for sewer and water, and the new policies not only will permit the selectmen and town manager to cut costs, but also will probably result in more careful planning of future building.

Town Manager Monahan pointed out this week that the town has obtained a chart of the policies carried on in Belmont, Lexington, Quincy, Waltham, Medford, Melrose and Newton, Arlington has been less strict than any of these communities in the past, he said.

Dr. Friberg Heads Arlington's Campaign For Cancer Funds

Dr. Robert A. Friberg of 849 Massachusetts avenue has been named chairman for Arlington in the 1954 Cancer Crusade of the American Cancer Society's Massachusetts Division which will seek to raise \$710,000 in this state during April. It was announced today by Adrian O'Keefe, state chairman.

The community chairman will head a committee of local persons who will help raise the community quota for support of cancer research, education and service during April, officially designated by Congress as Cancer Control Month.

In every city, town and village of Massachusetts a volunteer army of campaign workers will build funds which will constitute the munitions stockpile for the continuing war against cancer. Nationally, the American Cancer Society seeks a \$20 million goal.

Because in Massachusetts are center many of the world's foremost cancer research institutions, universities and hospitals, much of the funds raised in the Cancer Crusade comes back to Massachusetts in the form of research grants each year. In addition, the Society's Massachusetts Division awards many grants in its own right.

According to the Society, the stepped-up pace of research in recent years has achieved real accomplishments in science's efforts to find the cure and cause of cancer. In the Massachusetts Division's most recent annual report, Dr. George R. Dunlop, Division president, commented that "I have every confidence" that cancer can and will be conquered.

"The net of knowledge is drawing steadily tighter and around cancer's secrets," he asserted. "Ever increasing strides are being taken in research, and the surgeon's and radiologist's skills grow progressively sharper. Cancer now is more curable than ever before; more doctors can recognize it and treat it more ably and effectively; and more and more Americans have learned to heed the danger signals to seek medical advice at the first suspicion of cancer."

At once a fund-raising and an educational campaign, the Cancer Crusade serves as a highly effective means of spreading knowledge of cancer's "Seven Danger Signals" and thus of saving lives. The danger signals are:

1 — Any sore that does not

heal. — A lump or thickening in the breast or elsewhere. 3 — Unusual bleeding or discharge. 4 — Any change in a wart or mole. 5 — Persistent indigestion or difficulty in swallowing. 6 — Persistent hoarseness or cough. 7 — Any change in normal bowel habits.

Selectmen's Notes

The board of selectmen this week requested the many organizations in the city who have been asked to have a representative named to the Route 3 committee to make a selection as soon as possible. About six names have been received this far.

The Selectmen wish to set up a large committee, which when organized, will continue the fight against the relocation of Route 3 here.

The Selectmen also have received a petition from the Mystic Valley Gas Company to install gas lines on Fremont street from North Union to Gardner street; and on Gardner street from Fremont to the end of the acceptance point. The petition was granted providing that the gas lines be installed under the grass plots and not under the pavement.

Selectmen were invited to the installation of the Veterans of Foreign Wars April 23 at Old Town Hall.

HAYES RESIGNS

Resignation of J. Howard Hayes, veteran chairman of the finance committee and watchdog of the city's funds for many years, was accepted by the finance committee Monday evening.

No reason was issued for the resignation of Mr. Hayes. He made many appearances at the recent town meeting in an effort to prevent passage of several measures not endorsed by his committee.

He will be succeeded by Arthur D. Saul Jr., vice-chairman for the past year.

On Sunday, April 4th, Miss Jeri Casey, daughter of Mr. and Mrs. William C. Casey, 20 Upland road, Arlington, participated in the Fashion Extravaganza staged by the graduating class of the Academie Modern of Boston. In addition to the Fashionate, the group presented a modern dance piece and a choral reading.

CHURCH NOTES

In observance of Rainbow Sunday, members of Arlington Assembly No. 36, Order of Rainbow for Girls, attended morning worship at the Pleasant Street Church on April 4. Taking part in the service were Alma Porter, Worthy Advisor; Judy Farmer, Worthy Associate Advisor; Marian Hayden, Charity; and Avis Keyes, Chaplain.

At a joint meeting of the Junior and Senior High Pilgrim Fellowship groups and their parents, held in the vestry on Sunday evening, the Rev. Henry R. Rust, national secretary for Congregational young people's work, described the summer camp program of the Massachusetts State Conference and showed colored slides of the Pine Woods Camp in Plymouth. Group singing, games and refreshments rounded out the evening's program. As a result of the meeting it is expected that several Pleasant Street Church young people will attend Pine Woods Camp at some time during the summer.

On Monday afternoon Mrs. Andrew A. Maenus presided at the regular meeting of the Anna Bradshaw Guild, which was preceded by a social hour arranged by the Menotomy Group. Mrs. John G. Snow led the devotional service. Mrs. James W. Dally, program chairman, presented the Rev. John Nicol Mark whose topic was "What's Right with the World?"

Members of the Gardner Group, who held a food sale at Monday's meeting of the Anna Bradshaw Guild, enjoyed a Work Night in the vestry on Tuesday evening, at which time Mrs. Frederick P. Jallison and Mrs. John R. Peterson were co-hostesses.

The Churchill Group met on Tuesday evening at the home of Mrs. Willard J. Slagle, 144 Hutchin road.

A meeting of the Missionary Committee was held in the Kindergarten room on Wednesday at 8:00 p.m.

Mrs. Warren S. Berg will open

her home at 14 Maple street this evening for a meeting of the Religious Education Committee.

Prospective members who will join the Church on Maundy Thursday will have an opportunity to become acquainted with each other this evening when they have been invited to meet in the Kindergarten room with the Church Committee and the Board of Deaconesses for a period of fellowship and instruction.

High point of the Holy Week activities of the Pleasant Street Church is the Maundy Thursday evening service, at which time new members are received. The Office of Tenebrae and the Sacrament of the Lord's Supper make this one of the most impressive services of the entire church year.

An innovation in the observance of Good Friday will be a service for young people in Grades 4-9, which is to be held in the church vestry at 10:30 a.m., under the auspices of the Religious Education Committee of the Arlington Council of Churches.

ings. Physicians claim they can measure the relative impatience of their "patients" who ask upon them. The Dow-Jones theorists think they can determine the relative impatience of people by a study of their charts; but I have never found any chartists who became rich by such a study! Statisticians hope that the mechanical brains being developed by the International Business Machines Corporation, or Remington Rand, or National Cash Register Company will solve the problem. I, however, have more faith in the work of Dr. Ernest Furchtgott, Professor of Psychology, University of Tennessee, Knoxville, Tennessee.

Our brains, hearts, and other organs are constantly sending out electrical waves; perhaps our entire body is sending out such waves. It is entirely possible that our impatience, ambition, self-control, worries, courage, and even spiritual factors (which are forces that make for prosperity or depressions) could be ascertained by studying the electric waves or chemical compounds which our skin is constantly throwing off. If it is possible to diagnose individuals individually, we should be able to diagnose a community en masse. I forecast this will be done some day, first analyzing the Ph of the sputum of the group.

A FINAL THOUGHT

Television broadcasting stations are now sending waves into our homes. By studying the faces of speakers, when unconsciously in repose, it may be possible to know their character and attitude toward life. This was well illustrated by Senator Estes Kefauver's Crime Hearings which were shown two years ago on television. Now let us assume that a leading broadcasting station temporarily shuts down daily for two minutes and that every public group becomes a sending station and broadcasts its own bodily waves, greatly amplified in power. These could be collected by this broadcasting station, which could temporarily become a receiving station. If these mass waves can be interpreted, it should be possible to forecast business conditions with accuracy, barring an unforeseen catastrophe.

If the combined analyses of all sections showed the nation to be frightened and impatient for security only, then a business decline may safely be forecast. So long, however, as these people are throwing off optimistic waves or normal skin reactions, then continued prosperity can be assured. All authorities could then agree as to the future. From the poll of 970 leading newspaper publishers which we took in December, we concluded that less than 5 percent of the people were then discouraged. Hence, we cannot now be pessimistic about 1954.

TO THE EDITOR

To the Editor:

May I, through the columns of your paper, take this opportunity to sincerely thank those town meeting members who supported my opposition to the finance committee's motion under Article 78 of the Warrant last Wednesday evening.

Due to an old parliamentary trick of moving the previous question, thereby shutting off debate, this matter was insufficiently discussed and opportunity denied myself and others to answer the statements of the Town Manager and the chairman of the finance committee. As you know, the motion passed was as follows:

Voted: That the powers of the committee known as "Committee relating to construction and operation of refuse disposal incinerator" under Article 29 of the 1953 Annual Town Meeting, be and hereby extended so as to include the power to investigate, consider and make recommendations to the Town for locations within or outside the Town to be used for sanitary fill methods for the disposal of rubbish or offal, or both; said Committee to report at the next Special Town Meeting, if any, but not later than the Annual Town Meeting of 1955.

Having ascertained from the Town Manager on the floor that this motion had to do with the area, among others, bounded by Summer, Wright, Thesda and Reed streets, I presented the enclosed arguments in substance, to the town meeting, which were supported by Town Meeting Member Troy of Precinct 31.

In answer to the statements of the Town Manager and Finance committee chairman, I might add that (1) there is little difference between the present dump on Summer st. and other dumps which have been closed in the past because they were nuisances; (2) that the "sanitary fill" method is a joke, there never was and never will be a sanitary public dump; that the "economic factors" mentioned whereby the tax rate is kept down at the expense of a minority of taxpayers and citizens is morally, and I believe legally, wrong; (3) inasmuch as the people of this area were once before forced into litigation by the town to protect their investments in their homes and their constitutional right to enjoy such homes, it is indeed unfortunate and unfair that they should be placed in jeopardy again by being placed at the mercy of a committee and future action of a town meeting.

Because of this vote real estate values are bound to be adversely affected until this matter is permanently resolved, which it is hoped will be shortly.

Sincerely,
Frank H. Lansing
33 Berkeley Street

To the parents and friends of Girl Scouting:

Your interest in our program at the Town Hall last Saturday evening overwhelmed us! We are sorry that it was necessary to turn

so many away from our International Folk Festival.

Previous performances, with just as many girls participating, have nearly filled the hall, but never before was it over-crowded. Of course, it delights us to know you are interested; we are only sorry we could not foresee the extent of your interest.

Our thanks to the Scouts who so courteously left the hall after their part in the pageant; and to their parents, who shared their disappointment, but met the situation graciously.

TROOP 10

Troop No. 10 on a recent Saturday afternoon and evening had a Patrol Council meeting. It was held in Westford at the summer cottage of Mr. Fred Kellett (Explorer Advisor).

A beneficial and enjoyable session was had by the fifteen members present.

Special instructions were given on Patrol Leadership which were illustrated by film projections, in addition another scout film was shown on "Games."

Supper was cooked out of doors over an open fire; which was good experience and gratifying to the appetite; however perhaps some hearts were saddened by the necessity of washing dishes, but this is part of camping.

A hike along the shore of Long-Sought-For Lake was enjoyed by all. Following this, the group packed, took off by auto and arrived back in Arlington at 10:00 p.m.

The following were in the group: Scout Master Melvin Lantigua, Explorer Fred Kellett, Committeeman Willis Munroe, Neighborhood Commissioner Edward F. Walker.

Patrol Leaders Robert Copeland of the Raccoons, James Udall of the Cobras, Douglass Walker of the Panthers, Edward Walker of the Eagles, Asst. Patrol Leaders Paul Carroll of the Raccoons, Everett Rockwood of the Eagles, James Van Walkenburg of the Cobras, Stephen Quattrocci of the Panthers, Senior Patrol Leader James Ellingwood and Tommy Pehrson Scribe were also present.

PACK 13, CUB SCOUTS

Pack 13 held a very lively pack meeting last Friday at St. James Hall, Arlington Heights, featured by the award of 58 advancements and a battle royal of song in which the Cubs were opposed by the den mothers, committeemen and parents. William Green, the institutional representative, and George Lemos, cubmaster, both met their match in the young boy sopranos who surprised all by their display of talent. The den mothers and the men who were present gave up the contest very early. The Cubs who showed exceptional talent were Marty McLeelan and Don Falwell, soprano soloists, William Malcolm, with a Julius LaRosa repertoire that would do justice to a professional imitator, Frank and Richard Pandolfo and Bob Coffee, song specialists, and the Den 9 chorus, composed of George Mead, Philip

SILVER ANNIVERSARY CELEBRATION — Mr. and Mrs. John J. Gass of Wachusett avenue, Arlington, leave on cruise to Nassau celebrating their 25th wedding anniversary. The couple have a daughter, and three sons, two in the Coast Guard.

Arlington High Grads Honored At Harvard, Smith Colleges

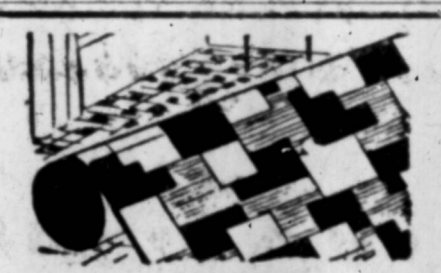

Three Arlington young people, all graduates of Arlington high school, have been honored at two of the nation's most famous colleges, Harvard and Smith.

W. Scott Coolidge II of 8 Dev-ereaux street, son of Assessor and Mrs. Walter S. Coolidge, Jr., has just been elected captain of the Harvard hockey team for next year. He was an outstanding hockey player while at Arlington high, and has been one of the mainstays of the Harvard squad this past season. He is a junior now.

Anthony Patton, a senior at Harvard, is one of twelve members of the class to be elected to the permanent class committee. The members of this committee, along with the class marshals, are the official governing body of the class after graduation. It is their function to plan all class reunions. Patton, whose home is at 21 Oakland ave., had one of the best scholastic records ever obtained at Arlington high, and has been outstanding at

Sacco, Joseph Rollins, William Leonard and Peter Bates, who entertained with a medley of Irish songs. Joseph MacSweeney put on a very good performance at the piano.

Plans were announced for putting on a Bobcat initiation at the April pack meeting, a group trip to a performance of Pilate's Daughter at St. Alphonsus Hall, Roxbury, and the graduation from Cubbing into Scouting of all those Cubs who have already or soon will reach the age of 11 years. There was also issued a call for candidates for the Pack 13 team in the Arlington Cub Scouts Baseball League which is the original little league in this section of the country.
